 - Motion

PRESENTER: George Bains

TITLE: Deputy County Administrator

AGENDA TITLE: Resolution of Support for Virginia Marine Resources Commission Grant Application

BACKGROUND / SUMMARY: In May 2012, at the request of the Board of Supervisors, the Middle Peninsula Chesapeake Bay Public Access Authority (PAA) took ownership of Perrin Wharf from the Virginia Department of Transportation in order to improve the management of the wharf. Over the course of time, five vessels have been moored and abandoned at the wharf. Several are sinking into the water restricting access for other boaters and watermen. The Virginia Marine Resources Commission's Abandoned/Derelict Vessel grant program allows localities to apply for advance funding to have abandoned and/or derelict vessels removed from the waters. An application for the grant program and an agreement with the PAA are being developed with the County Attorney. An invitation for bids was put out and a responsible, responsive bidder has been selected. The bid award is contingent on approval of grant funding. No county match will be required.

Staff is asking for the Board's approval to submit the grant application once it has been reviewed and approved through the Board's grant process.
