AGENDA TITLE: 2024 Floodplain Management Plan 5-Year Adoption

BACKGROUND / SUMMARY: The Coastal Floodplain Management Plan was adopted in 2009 and re-adopted in September 2014 and September 2019. The Community Rating System (CRS) requires updating and re-adoption at five-year intervals. The proposed 5-year plan incorporates recommendations from the Board's adopted annual updates.

Several departments and the Floodplain Management Committee have reviewed and provided edits to the proposed plan. At its August 14, 2024, meeting, the Floodplain Management Committee voted to forward the draft plan to the Board with a recommendation of approval.
